

## SLIGO BUSINESS IMPROVEMENT DISTRICT (SLIGO BID) COOKIE POLICY

Last update: AUGUST 2017

### What is a cookie?

A cookie is a small piece of data in the form of a text file that may be stored on your computer or mobile device having visited a website. It allows a website "remember" your actions or preferences over a length of time.

More detailed information on cookies can be found [here](#)

### How Cookies are used on this website

There are two main categories of cookie..

**Session Cookies:** are temporary cookies that are not stored on your computer or mobile device. These session cookies are erased when you close your browser, or after 20 minutes of inactivity.

**Persistent cookies:** are cookies placed on your computer or mobile device for a pre-determined length of time when

<http://www.sligobid.ie/> currently uses 1 cookie: see below

Cookie Name	Expiration	Cookie Descriptor
PHPSESSID	Close of session	Login functionality. Enables websites to store serialised state data. On the Action website it is used to establish a user session and to pass state data via a temporary cookie, which is commonly referred to as a session cookie. As the PHPSESSID cookie has no timed expiry, it disappears when closed.

We have tried to ensure this is complete and up to date, but if you think that we have missed a cookie or there is any discrepancy, please let us know. SLIGO BID welcomes your objective opinion.

## **What Personal Data is collected by using this website?**

This website will collect the IP address of visitors. While Sligo BID cannot identify an individual by an IP address (an identifier number assigned to each computer and other device) that same information may be passed on to the competent Authority so they make take the necessary steps to obtain information from the relevant ISP to identify an individual if they consider initiating criminal prosecutions as a result of a cyber-attack against the SLIGO BID website.

## **Managing/Removing Your Cookies**

To control the cookies from/on your computer or mobile device, please see the attached links for the most common web browsers in use. Note: Third Party Cookies may be set when using hyperlinks to another website. Note: The 5 links below take you to external websites.
